

ANDY MCANALLEN

FOR
NUS-USI
SUSTAINABILITY
OFFICER

THE MAC MANIFESTO

ANDREW MCANALLEN
FOR NUS-USI
SUSTAINABILITY OFFICER
2019/20

If Elected, I will:

- ✓ Help Unions Become Plastic-Free
- ✓ Reward Sustainability Activism
- ✓ Work With Unions to Integrate Sustainability into Education

Hi there!

I'm Andy, President-elect at Ulster University Students' Union.

I have championed sustainability in my two-year tenure as Vice President for UUSU.

Scientists have warned that we have 12 years to reverse the effects of climate change, so it's vital that we have a strong voice for sustainability at a national level.

I want to be your voice for sustainability on a national level, that's why I'm running to be the next **NUS-USI Sustainability Officer**.

- **This year I launched a plastic-free campaign at Ulster, to eradicate single-use plastic usage. Next year, I promise to work with member unions to replace single-use plastic with sustainable alternatives.**
- **Education is the most powerful tool to create more action towards sustainability. This year, I have been working to integrate sustainability into education at Ulster, using the Un Sustainable Development Goals as a framework. Next year, I promise to work with member unions to integrate sustainability into education on a national level.**
- **This year, I have created opportunities for students to travel to global sustainability conferences, to reward sustainability activism. Next year, I will create more grass-roots sustainability activism by creating travel opportunities for students working towards the UN Sustainable Development Goals.**
